EDUCATION

SUKKUR IBA UNIVERSITY	08 / 2023 – Present
Computer Science (CGPA: 3.1)	Sukkur, Pakistan

Sadiq Faqeer Govt: Boys Degree college Mithi	08/ 2020 – 08/ 2022
Intermediate (Percentage: 94%)	Mithi Tharparkar, Pakistan

COURSEWORK / SKILLS

- Full Stack & Backend Web Development
- Operating Systems
- Database Management System (DBMS)
- Artificial Intelligence (Data science, Machine Learning)
- Data Structures & Algorithms
- OOPs Concepts

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, MySQL, NoSQL, Assembly language

Developer Tools: VS Code, Ubuntu, IntelliJ Idea Ultimate, DOSBox, Dev-C++

Tech/Frameworks: React.js, Node.js, Express.js, git & GitHub, MongoDB, Linux

Projects and Experiences

- **Full-Stack Architecture:** Built a dynamic, responsive single-page application utilizing React.js for a component-driven user interface and Node.js for scalable backend logic.
- **State Management & Routing:** Implemented efficient client-side state handling and seamless page transitions to ensure a smooth, high-performance user experience.
- **Modern Styling:** Designed a clean, professional layout leveraging modern CSS methodologies to showcase projects, technical skills, and experience effectively.
- **Optimized Performance:** Structured the codebase using software development best practices, ensuring fast load times and clean, maintainable code.

Cart Management System-cartify (Using MERN Stack)

02 2026

- **Modern Full-Stack Stack:** Developed a responsive e-commerce application using React JS, Redux Toolkit, and Tailwind CSS.
- **Core Functionality:** Features dynamic product listings, efficient cart management, and seamless navigation via React Router.
- **State Management:** Utilizes Redux Toolkit to handle global application state, ensuring optimized performance and data consistency.
- **Polished UX:** Enhances user interaction with clean icons from Lucide React and interactive notifications using React-Toastify and SweetAlert2.

GYM STATICS (Using ReactJs, Tailwind CSS)

11 /2025

- **Front-End Stack:** Developed a responsive fitness web application utilizing React JS, combining the utility-first classes of Tailwind CSS with the structured components of Bootstrap.
- **Key Features:** Features a modern, visually striking user interface with dedicated sections for core services, gym details, and trainer/leadership profiles.
- **Architecture:** Structured with a component-based design, ensuring clean, modular, and reusable code for seamless future scalability.
- **Responsive UX:** Optimized for fluid layout transitions and intuitive navigation, delivering a consistent user experience across all device screen sizes.

Restaurant Website (Using ReactJs, Tailwind CSS)

08 /2025

- **Modern Front-End Stack:** Developed a responsive web application using React JS and Tailwind CSS to create a modern, user-friendly interface for browsing food items.
- **Component Architecture:** Implemented a clean, modular structure with reusable components, ensuring a scalable and maintainable front-end codebase.
- **Polished UX:** Integrated smooth UI interactions and animations to elevate the user experience during menu exploration.
- **Responsive Design:** Optimized performance and layouts across all device screens, demonstrating strong proficiency in modern CSS frameworks.

CERTIFICATIONS

- Introduction to MongoDB – MongoDB, Inc.
- Web development - Coursera
- Introduction to Machine Learning- kaggle
- Intermediate Machine Learning - Kaggle
- Introduction to Deep Learning - Kaggle
- CIT - Data link Computer Center Mithi
- NodeJS with Express & MongoDB

EXTRACURRICULAR ACTIVITIES

Sindh Rajput Student Organization 08/ 2024 – Present

Social Media Moderator, Committee Member Tharparkar, Pakistan

- Elected as a Representative Member for Sukkur IBA University, GIMS, QUEST Nawabshah, and SALU Khairpur, representing students and strengthening communication across campuses.
- Coordinated educational, leadership, and community events to promote student engagement and collaboration.
- Supported the planning and execution of awareness campaigns, scholarship initiatives, and organizational activities.
- Served as Social Media Moderator for the Sindh Rajput Student Organization (SRSO), managing social media platforms and promoting events through engaging digital content.

Computer Science Society – SISC 09/ 2025 – 07/2026

Executive Member of Computer Science Society Sukkur, Pakistan

- Collaborated with the executive team to organize technical workshops, seminars, and student engagement activities.
- Assisted in planning and executing society events, ensuring smooth coordination and participation.

- Promoted collaboration, leadership, and professional development among Computer Science students.
- Contributed to initiatives that enhanced students' technical skills, networking, and learning opportunities

PROCOM – Pakistan's Biggest Tech Fest

03/ 2026

Participated in AI in BorderLand

Karachi , Pakistan

- Participated in PROCOM, one of Pakistan's largest technology festivals, engaging in technical competitions, networking sessions, and innovation-focused activities.
- Attended AI in Borderland, gaining insights into emerging artificial intelligence trends, real-world applications, and industry best practices.
- Interacted with technology professionals, researchers, and students to expand technical knowledge and professional networks.
- Enhanced understanding of AI, software development, innovation, and emerging technologies through expert-led sessions and workshops.
